SECRETARY'S REPORT.

The year 1893 brings with it the thirty-eighth annual Cattle Show and Fair of the Nantucket Agricultural Society, which was held Sept. 6 and 7, 1893, and like the two preceding years, the weather was all that could be desired, a fact of the greatest importance to us financially.

At the hall, the display of Vegetables was not up to what it has been in former years, owing to a drouth which occurred just at the time when rain was most needed; but considering all things, it was all that could be expected. Our farmers did well to make the exhibit they did, and deserve credit for the same.

The exhibition of stock at the grounds was good, and well up to what it has been in past years, and I will warrant that, considering all things, a better class of horses cannot be found anywhere in the state. The influx of the summer visitor has added greatly to the improvement of the class of horses kept on the island, and many fine specimens are yearly exhibited at our fair as a result.

The show of Fancy Work was as usual very large, and we should feel proud of the ladies of our island who make this exhibit, as it certainly is very fine, showing great skill and proficiency.

This year we have made an addition to our grand stand by placing on the roof, the Judges' box, which gives those who take seats in the grand stand a better chance to see the beginning and end of the races. This year we have improved our track greatly, and as a consequence, we were enabled to add to our attractions a Bicycle race, in which great interest was taken. We are hoping another year to make this feature more interesting, and to still further improve the track, and if possible, draw more competitors from away, or stir up our own island horsemen to make a large exhibit.

The Ball was the closing feature of the Fair, and was well attended, proving a grand success.

The Society would again thank each and every one who in any way contributed to make the thirty-eighth Annual Fair a success.

As this goes to press, we are about to hold number two in our series of Farmers' Institutes, the subject of which is to be "Farm Topics."

And thus the thirty-eighth Annual Cattle Show and Fair ends, and alike with its former fairs, is classed as a success. May we hope for a continuance of the same.

J. F. MURPHEY, *Secretary.*

EIGHTH.—No person receiving a premium for a collection of animals, vegetables or articles, is entitled to a premium for any single article in said collection at the same exhibition. This rule shall not apply to horses.

NINTH.—All premiums awarded and not called for within fifteen days will be added to the capital stock of the Society.

PARTICULAR NOTICE TO JUDGES.

Judges are requested to be prompt at the place of meeting, and to make themselves acquainted with their associates without any hesitation. They should make themselves familiar with the details of the Arrangements and List of Premiums, and each member shall have a copy of the same in hand during the exhibition, for reference. They should render all the aid in their power in diffusing information and inciting competition, as the success of the exhibition depends, in a great measure, on the manner in which they discharge their duties.

The Judges may fill a vacancy occurring in their number, and members may act if the number cannot be conveniently filled.

No claimant for a premium can act as Judge upon the subject for which he makes his claim.

The Chairman of every board of Judges is expected and particularly requested by the officers and rules of the Society, to make a full report in writing of whatever comes under the notice of the board on which he serves and send the same to the Secretary of the Society as soon after the exhibition as possible, *but certainly within thirty days*, so that the same may be printed in the Transactions without too much delay. Reports of all classes on exhibition are very much desired, and it is hoped that this year the Judges will see that this important suggestion is attended to.
